

# NELSON™ HEAT TRACING SYSTEMS

## SLT-D DOWNSPOUT HANGER

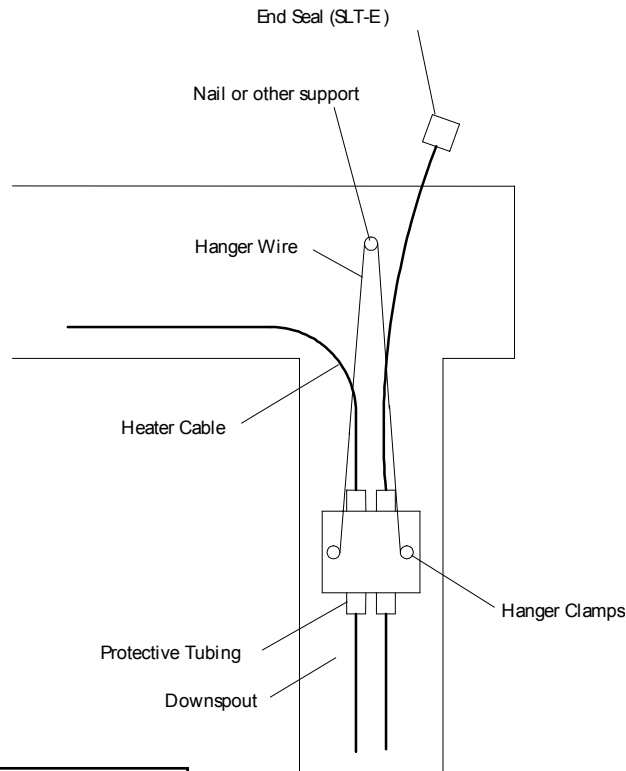

## INSTALLATION INSTRUCTIONS

### DESCRIPTION

The SLT-D Downspout Hanger Kit is for use with all versions of Nelson's SLT and CLT-JT heating cables. This kit contains material for five complete downspout hangers.

### KIT CONTENTS

5	Hanger Wires	10	Hanger Clamps
10	Screws	10	Nuts
5	Protective Tubing		

### **WARNING:**

**Positioning is important to prevent damage to the heater cable.**

- 1 Determine the location of the downspout hanger to maximize the support function and minimize any stress points at the gutter edges.
- 2 Wrap protective tubing around the heater cable.
- 3 Place the two hanger clamps over the protective tubing.
- 4 Insert a screw through the hanger wire and then through the hanger clamps. *Repeat for the other side.*
- 5 Tighten the nuts and screws to insure a snug fit.
- 6 Install hanger wire with a nail, screw or other support.

Nelson Heat Tracing Systems products are supplied with a limited warranty. Complete Terms and Conditions may be found on Nelson's website at [www.nelsonheaters.com](http://www.nelsonheaters.com).
